(PERMIT TERMS CONTINUED)

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The issuance of this permit will allow Carson City to pump a maximum of 11,700 acre-feet from Eagle Valley for a one year period, provided that the average groundwater pumped from Eagle Valley by Carson City over a period of five consecutive drought years will not exceed 9,900 acre-feet annually.

A drought year for the purposes of this permit will be defined as a water year which is 70% or less of the average annual precipitation for the Carson River Basin as of April 1st of that year as reported by the U.S. Department of Agriculture, Natural Resource Conservation Service. The groundwater rights of Carson City in Eagle Valley will not be subject to forfeiture under NRS 534.090 when operated in conjunction with maximum use of their surface water supplies.

This permit is issued subject to the conditions set forth under Order 1140.

The water rights issued under this permit shall not be used for the commitment to new development. ITEM 6 - Proposed Place of Use
